INTRODUCTION

VETCOM Consulting is a small business as defined by the SBA. VETCOM was founded in 2007 by a team dedicated to providing innovative and integrated solutions to government and private sector clients in the aerospace and defense industries. We combine our extensive expertise, scalable solutions, industry recognized experts and unrivaled commercial capabilities to create an integrated package that is agile, adaptable and aligned (AAA) with our clients' needs. We lead the industry by working safely, providing excellence in execution, and offering effective solutions to the world's toughest challenges.

CORE SERVICES - AEROSPACE & DEFENSE

VETCOM Consulting creates tailor-made solutions servicing critical supply chains both domestically and internationally. Our core services:

- Pre-launch, launch and post launch spacecraft services
- Domestic and International Transportation - all modes and service levels
- Comprehensive, secure, and compliant transportation
- Warehouse/& Storage locations worldwide
- Customs Brokerage with deep ITAR/EAR Experience
- HAZMAT Transportation, Training & Certification

DIFFERENTIATION

- Competence in defense industry logistics programs
- Sub-contractor for DoD
- Help Prime Contractors meet small business goals
- Site surveys and post mission debrief
- Strict adherence to client quality standards
- Live single point of contact, live shipment tracking
- Oversized cargo moves
